

Session Three: Highlights

Group 5 worked hard on the Map It! activity which centered on the careers students aspire toward.

This session's Map It! theme: 3 careers I'm interested in, 4 people who can help me learn more about these careers, & 5 skills that someone in those careers would have.

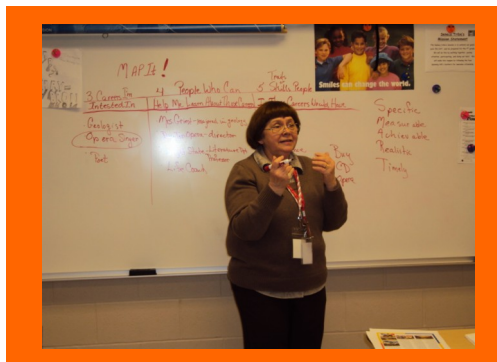

Mrs. Pratt assisted a couple students in Group 1 during the building of their LEGO Mindstorms robot.

Three students in Group 3 began the initial programming of their robot on the classroom com-

The STEM activity for this session was a continuation of the building and beginning of the programming of the LEGO Mindstorms robots.

Mrs. Haybron lead the students in Group 2 during their Map It! activity.

Group 4's enthusiasm for their LEGO Mindstorms robot is exciting to see every session!

Each group, consisting of students and mentors, developed team commitment statements which helped the students focus on the skills necessary for successful teamwork.

During Session 3, the students were heavily focused on the continuation of the construction of their ro-

The next STARBASE 2.0 meeting will be Wednesday, February 17th, 2010 from 4-6 pm.
